Popular Science Monthly

INDEX

VOLUME 93

Part I.—July, August, September, 1918

AERONAUTICS

	Page
Aviators, Electrically-Clad, Defy the Cold	36
Now Comes the Armored Flying Tank	37
Underground Aerodrome	46
Recent Progress in Airplane Propulsion	62
The Acrobatic Air-Fighter	68
Solving the Airplane Spruce Problem	84
Combining the Eagle with the Goose	91
Firing Two Guns at Once	95
Gunning for Birdmen	184
Launching a Seaplane from a Ship's Deck	185
The Jelaliplane and the Mitromudscow	186
What Sounds Can Aviators Hear?	203
Airplane Mail Service Between New York and Washington	212
Uncle Sam's Hat Is in the Ring	224
Machine-Guns Are Mounted on Airplanes like Opera-Glasses	224
Arrow System Used by England in Guiding the Chariots of the Air	230
Look Behind You While You Fly in an Airplane	244
The Chances of Death in an Air Raid	278
The Parachute de Luxe	353
On Wings Across the Ocean to Fight	362
An Airman's Dictionary	380
Fighting in a Three-Decker Airplane	386
Learning to Fly with the Joy-Stick	391
Shooting Birds from Airplanes	402
Why You Must Have Two Good Eyes to Be a Flyer	409
What Makes an Airplane?	417
"Shooting the Parachutes" Makes You Feel like a Wriggling Worm	432

AGRICULTURAL SCIENCE

	Page
Sticks Give Way to Line and Reel in Marking Out Garden Rows	45
Raise Fish on Your Farm	67
Plant Vegetable Seeds in Used Paper Cups	97
Gasifying Kerosene in the Farm Tractor	114
Thrift Garden	161
Here's a Cow that Walks About Despite a Wooden Leg	167
Air-Cooled Overalls Defy Heat	193
Keep a Toad in Your Garden and Save $19.88 Yearly	194
Decorated Windmill	199
Weeding Out the Garden Without Disturbing the Soil	201
A Perfect Garden Nozzle	202
Testing Seed Corn	216
An Open-Air Shrine of Cedars	238
Cherry Pits a Source of Valuable Oils	239
Taking Sheep to Pasture on a Giant Excursion Boat	253
Still Another Apparatus for Holding Vicious Horses	253
Ornamental Lattice Protects Young Vines from Direct Rays of Sun	257
Device to Wash Bunched Vegetables	277
Millions of Horses and Mules in the War	279
Have You Potato Bugs in Your Garden?	384
No Wonder He Stops at the Best Hotels	400
Making the Perch Sanitary for the Hen	417
Novel Spring Seat for Farmers	428
Count Your Chickens Before They Are Hatched by Weighing the Eggs	433

ARCHITECTURE

	Page
$15,000 Building Erected in One Day	8
Studying History First-Hand	33
"U. S." Spelled by the Illuminated Windows of an Office Building	101

CHEMISTRY

	Page
Why Does Paper Turn Yellow with Age?	28
Nuts Equal Round Steak in Food Value	101
Your Silk Socks May Once Have Been a Tree	103
Wood Fiber Used in the Making of Gas	115
Chemical Action Apparently Changes Wine Into Water	136
The Bacterial Inhabitants of Ice-Cream	167
Acidity in Oil Lubricants Causes Wear of Metal	245
Why the Candle Snuffer Disappeared	260
A Constructive and Destructive Force Is Nitrogen	274
A Few Facts about Picric Acid, Base of Explosives	344
Oxidizing Carbon to Make a Powerful Explosive	382
What Is the Color of a Smell?	410
How Can We Save Potash Now Wasted in Smoke?	416
Alcohol and Benzol as National Motor Fuel in France	433

ELECTRICITY

	Page
A Pencil That Will Write Your Name on Your Shears	109
Electrocuting Flies	117
Polarity Determination for Plating Batteries	137
Extinguishing Materials for Fires Caused by Electricity	139
Electrical Devices and How They Work	147
Telephone Receiver Used to Detect Grounded Armature	150
Electric Dubbing Machine	211
Solving New York's Pier Problem with Electric Stevedores	240
The Electric Hammer Is the Newest Musical Instrument	252
Delivering Mail on Tricycles in a Great Electrical Plant	261
And the Mountains Arose and Cried "57 Varieties"	266
Electrically-Controlled Window Raising Mechanism	268
Exploding "Duds" by Electricity	270
Simple Economy Hanger for Wiring Old Buildings	280
Battery Saver Mounted on Outside of Telephone Case	280
Silent Alarm Wrist Watch That Burns the Sleeper	358
How Slabs Are Hauled by Electricity	408
An Electric Pad Instead of an Incubator	409
Devices for Temporary Wiring	432

HOUSEKEEPING MADE EASY

	Page
Reading the Meter from the Outside	7
A Kerosene Lamp for Fruit Drying	35
Don't Wash Under the Faucet. Carry a Wash-Basin with You	71
Potato Butter to Reduce the Cost of Living	71
Housekeeping Made Easy	72-73
Step Into the Guard Cage and Be Safe While Cleaning Windows	80
Combining the Baby-Crib with the Play Pen for Safety and Comfort	97
The Butler's Glove Appears	101
Peanut Flour as a Wheat Substitute	166
Learn to Like Seaweed	166

336348

INDEX TO VOLUME 93—Part I.

HOUSEKEEPING MADE EASY

Page

Be Your Own Ice-Man ... 214
A Game to Teach Children How to Read the Clock ... 238
Too Much Soap Is an Evil ... 238
Housekeeping Made Easy ... 254-55
A Brace to Bar Your Door to Burglars ... 264
There's Little Hope of Conquering the Clothes Moths ... 267
Push the Button and the Window Goes Up ... 268
How Crying Babies Summon Their Mothers by Telephone ... 272
This Pocket Can Be Attached Almost Anywhere You Please ... 276
Relieving the Hand that Rocks the Cradle ... 349
A Book-Rack that Automatically Adjusts Itself ... 351
Housekeeping Made Easy ... 366-67
Change the Electric Light Bowls to Suit Your Taste ... 416
A Whistle Sounds When the Cooking Water Runs Low ... 426
Make Waste Hot Air Work and Conserve Both Fuel and Food ... 426
Sanitary Method of Cleaning Floors with a Mop 430

INDUSTRIAL PROGRESS

A Scale and Postage Computer Combined ... 34
Passers-by Are Protected from This Open Factory Window ... 36
Office Appliances ... 51
Revolutionizing the Collar Industry ... 100
Storing Maps and Plans in an Ingenious Rack ... 109
Keeping Out Heat ... 112
Cork-Screwing Up the Himalayas to Darjeeling ... 165
Mowing Machine for the Hair ... 165
Portable Canvas Locker ... 189
Air-Cooled Overalls That Defy the Heat ... 193
Theft-Proof Coal Pocket with Six Bins ... 193
Thrift Stamp Machine ... 194
Machine That Blackens Shoes ... 200
Disappearing Match Box Holder ... 204
Softening Storage Battery Seals by Steam ... 211
Don't Throw Away the Box, Use It for Remailing ... 215
Vacuum Cleaner for Factories ... 221
Office Appliances ... 222
Proofing Cloth Against Mildew ... 226
Making It Easy to Remove the Large Globes of Street Lamps ... 233
Weighing Loads While They Pass Over the Conveyor ... 246
A Handy Device to Handle Blueprints ... 252
One-Man Street Sweeper ... 268
Looking at the Reverse Side of Things Made Easy 274
Will the Sahara Furnish Power When Coal Gives Out? ... 275
A Windmill That Dodges a Kansas Cyclone ... 278
For the Man Who Forgets to Water the Geraniums 327
Making Explosives Under Right Conditions Is Safer than Railroading ... 327
The Crucible Gives Way to Electric Furnace in the Brass Foundry ... 345
The Bell Rings When You Forget Your Fountain Pen ... 349
How Salt Is Obtained from the Seas ... 350
Learning How to Judge Sheep at Purdue University ... 351
Automatic Telephone System Invented by Undertaker ... 352
Handling Tons of Metal Like a Toy ... 356
Substitute for Barber's Apron ... 358
A Shock for the Thief Who Steals This Bag ... 361
Teaching Waiters to Wait ... 361
Canal-Boats That Climb Hills, and How They Do It 371
Great Fortunes Are Thrown Away on River that Burns ... 372
The Sliding Chair ... 376
Safety First Where the Rivets Fly ... 381
When You're Ready to Peel Those Fresh Water Pearls ... 384
Promoting an Ordinary Steel Pen into a Fountain Pen ... 401
Driving Them Nine a Minute ... 403
No More Fumbling in the Dark for That Key ... 409
This Machine Will Make the Most Fractious Fraction Behave ... 411
Removing the Dents Caused by a Fast Life ... 411
Mixing a Batch of Concrete in Twenty Seconds ... 427

INDUSTRIAL PROGRESS

Page

Just One Twist and All the Cigars in Your Case Are Beheaded ... 430
Plenty of Action Here; the Whole Window Display Turns ... 431
This Stapling Machine Uses a Spool of Wire ... 433
All Wool and a Yard Wide ... 434

MECHANICAL ENGINEERING

An Oxy-Acetylene Cutter That Runs on a Railroad Track ... 31
Mechanical Helps ... 50
Machine Strips Tobacco Rapidly ... 54
Combination Crane and Hoist ... 60
Machine That Digs, Grinds and Blocks Peat ... 71
It Works Like a Typewriter, and It Marks Linen with Precision ... 83
Oil, Heat and Water Do Not Affect This Engine Chain Belt ... 116
How a Big Tanker Was Salvaged ... 210
Cooler and Ventilator ... 215
Vacuum Cleaner for Factories ... 221
Mechanical Helps ... 223
Measuring Light ... 231
Steel Oil Tank After Having Been Crushed by Atmospheric Pressure ... 256
How San Francisco Pumps Bathing Water from Pacific ... 264
Fifty-Seven Ways of Sleeping in This Mechanically Adjusted Bed ... 267
Ingenuity and Concrete Save a Flagpole ... 272
Compact Air Pump for Your Launch ... 274
Giant Diving Bell ... 378
Mechanical Helps ... 412-13
Making the Safety Zone Post Resilient and Safe 414
Washington May Get Along Without Traffic Policemen ... 414
Good-by, Axe! They Chop Down Trees with Gasoline Now ... 417
Use a Nail to Unlock the Nut of This Bolt ... 420
Using Steel Balls in a Flywheel ... 428
The Sewer-Worm Cuts Its Way Through Clogged Pipes ... 429

MEDICINE, SURGERY AND HYGIENE

Keeping Musician's Hands in Trim with Finger Stretcher ... 6
Fountain Comb for the Treatment of the Hair ... 29
The Rocking-Chair Crutch ... 33
Massaging Machine ... 61
New Red Cross Stretcher ... 64
Throwing Light on the Dark Secrets of the Mouth. 80
Hypodermic Needles of Gold Instead of Platinum. 88
Sanitary Drinking Tube ... 194
A Hammock Bed ... 200
Crutches with Seats ... 203
The Terrific Strain of Trench Warfare ... 241
Planning a Diet for Weight Reduction ... 257
How France Protects Her Soldiers' Eyes ... 325
Blow Bubbles and Heal Your Wounded Lungs ... 348
On This Stretcher You Can Carry a Patient in Any Position ... 376
Caring for the Teeth of Our Soldiers ... 415
Behold the University-Bred Horse Dentist ... 438

MOTOR VEHICLES AND THEIR ACCESSORIES

Motor Trucks May Be Equipped with Pneumatic Tires ... 4
Thirty Miles an Hour? Too Much. So, This Car Limits Its Own Speed ... 40
Solder That Supplies Its Own Flux Is Particularly Adapted to Making Quick Automobile Repairs 40
$5,000 Gas Device to Use Coal-Gas as Auto Fuel ... 41
The Glorious, Golden Auto Circus Is Coming ... 45
Disposing of the Grease Cup Bugbear ... 55
A Disappearing Funnel for Gasoline ... 55
The First Auto-Prize Winner ... 56
Combination Spark Plug Tester and Cleaner ... 60
Converting the Old Barn Into a Dust-Proof Garage with a Tent ... 74
This Tire Is Built to Stand Strain ... 74
Making the Automobile Mow the Golf Course ... 75
Repairing Automobile Tire Tubes with Matches ... 90
Work a Lever—That's All the Stevedore Has to Do 90
Automobiles, Motor-Trucks and Accessories ... 92-93
The Farmers' Motor Express ... 102

INDEX TO VOLUME 93—Part I.

Page

MOTOR VEHICLES AND THEIR ACCESSORIES

When Your Gasoline Gets Low, the Bell Will Ring 104
New Tool Makes Ford Valve Removal Easy 104
How Motor Trucks Are Packed to Save Shipping Space 116
The Ford Delivery Wagon Can Be Used for Sunday Outings 120
Efficient Substitute for Auto Jack 139
Grease-Filling Pump for Auto Rear Axle 150
The Importance of Snugly Fitting Piston Rings 164
Driver and Nurse, Too, Is the Ambulance Driver 166
A Ducking Goes with an Automobile Ride in This Park 167
Converting an Automobile Into a Railway Locomotive 192
Automobile Headlight Tests 201
Making Tractors by Tractor Power 206
Foot-Operated Automobile Clutch 217
Working the Steering Gear with a Push Button 220
How to Make an Old Car Pay 229
Taking Up the Wear in a Magneto Coupling with Springs 229
Windshield and Sunshade in One 229
How They Husband the Gasoline Supply in France 230
Automobiles, Motor-Trucks and Accessories 234-37
Acidity in Oil Lubricants Causes Wear 245
Crossing the Arizona Desert in a Ford 245
America's Artificial Armored Horse 250
New Auto Bumper 269
Gasoline as Dangerous an Explosive as Dynamite 269
Unsafe "Safety Islands" and How to Make Them Safe 273
Get Acquainted with Your Engine by Setting It Up Yourself 275
Steel Instead of Wood for the Felloes of Automobiles Wheel 277
Every Auto Has a Picnic Seat All Its Own 352
Carry a Wardrobe on Your Car's Running Board 352
Automobiles in the Philippines 357
Discovered—A Cot that Doesn't Sag in the Middle 369
Mosquito Bar for the Automobile to Keep the Bugs Away 369
Moving Day for the United States Shipping Board Made Easy by Motor-Trucks 370
Fire Engine Pumps Sixty Hours 391
Automobiles, Motor-Trucks and Accessories 398-99
Motor-Cycle Ladder in Electric Light Work 401
Oiling Your Automobile Without Soiling Your Hands 408
Twenty Miles an Hour Is the Most Economical Touring Speed 414
A Tail Light and Searchlight Too 422
"Stop!" It Shouts to the Car Behind 422
Neat, Thief-proof Carrier for Automobile Tires 440
Lock Your Hub-Cap and Your Wheel Won't Come Off 440

NATURAL SCIENCE

Plants with Flowers on Their Leaves 26
Camouflage in the Wars of Nature 28
The Cactus Tarantula 34
Building a Home and Business Around a Natural Icebox 64
Royal Terns Caught by the Camera When They Were Not Looking 66
Our Earth Has Had Many "Glacial Periods" or "Ice Ages" 66
Two and a Half Million—the Population of a Vacant City Lot 79
Why Should a Red Sunflower Have Some Yellow Rays? 96
We Know Some Human Beings Like These Caterpillars 96
With Fin, Foot and Wing 106
Grasshoppers Spit "Tobacco Juice" 188
Keep a Toad in Your Garden 194
When Does Our Sun Rise or Set? 218
Doing the Albatross Amble 242
Does War Engender a Sense of Fear in Animals? 243
Drink from the Fern Bowl in the Garden 273
At the Tail End of the Glacial Period 276
Dame Nature—Instructor in Camouflage 346
Look for the Pigmy Elephant When You Go to the Circus 359

Page

The Okapi's Coat Outshines Joseph's Coat of Many Colors 419
A Beetle that Does a "Flip" 421

PHOTOGRAPHY AND MOTION PICTURES

A Cage for Photographing Growing Wild Flowers 24
Cameraman Photographs Himself 54
Developing, Fixing and Washing Several Film Packs at One Time 105
A Photograph Thirty-Nine Feet Long 190
Even Far-Off Fez Succumbs to the Fascination of Moving Pictures 402
You Can Sight a Camera Like a Rifle with This Finder 410
Built to Enable the Heroine to Escape When It's Burning 423
In Retouching Photographs, Move the Plate 431

PICTURE PAGES

$15,000 Building Erected in One Day 8-9
Models of French Battlefields as an Aid to the Liberty Loan 10-11
Strips of Paper Protect Paris Windows 12
The Sinking of the St. Paul 13
How Philadelphia's Policemen Handle Gangsters 14-15
Charming the Snake 16
Hand-Wrought Jewelry 17
Wartime Economy in France 18-19
Chateau de Coucy Before and After Demolition 20-21
Handling Elephants 22-23
Training Intelligent Dogs to Lead Blinded Soldiers 168
Carrying Injured Soldiers Without a Stretcher 169
Automobile Tires Are More Costly 170-71
Greenland's Icy Mountains 172-73
The Camouflage of Death 174-75
New York's Great Subway System 176-77
Ships of the World 178-79
Trinidad Chocolate 180
Queer Head Coverings Worn in Malta and Korea 181
How the Gentle Art of Camouflaging Is Taught 182-83
Building Imitation Alps of Rocks and Concrete 262-63
Training the Engineers Who Are to Back Up the Army in France 328-29
Trampling Out the Rice that Feeds Them 330
Mr. Hoover, Please Take Notice 331
Novelties Made from Bullets and Shells 332-33
Butterflies that Go South Every Autumn 334
Not Monks, but Camouflaged Artillerymen 335
Making Wallpaper 336-37
How Propellers Are Made 338-39
Old New York City Firemen's Hats 340
Marble Statuettes 341

PRACTICAL WORKERS' DEPARTMENT

Using a Breast Drill to Coil Wire and for a Grinder 121
A Grip to Hold the Regulation Campaign Hat on the Head 121
Helping Out the Farmer—Prize Contest 122
Making a Tool for Cutting Holes in Cork 124
Combined Tool Case and Trunk for the Auto 124
Making Decorations by the Spatter-Work Method 125
Open Canoe Cruising 126
A Simple Way to Distinguish Iron from Steel 130
Easy Removal of Exhaust Valves from Motorcycle Engines 130
A Brush Shield Made of a Rubber Washer 130
Ornamental Fern Basket Made in Lattice Work 131
Perforating Paper Sheets with Sharpened Cog Points 131
Finishing a Rough Stick to Imitate Burnt Bamboo 131
Novel Arrangement for an Iceman's Sign 132
A Method of Loosening Tight Nuts or Bolts 132
Masking Device for a View Finder on a Camera 132
Simple Design for Sheet Metal Working 133
Making a Shirt-Waist Box with Inclosed Tray 136
Chemical Action Apparently Changes Wine Into Water 136
Handy Portable Fence Built in Sections 137
Paper Stencil for Painting a Bicycle Head 137
Blocking the Skeleton Key in an Ordinary Lock 138
Temporary Repair on a Boat Engine Shaft 138
Treating a Clothes-Line to Prevent Its Stretching 138
Child's Play Tent Made Out of Awning Covers 139
An Efficient Substitute for an Auto Jack 139
Making a Round Cement Cover for a Cistern 140
The Economical Use of Gasoline in Autos 140

INDEX TO VOLUME 93—Part I.

	Page
An Inexpensive Field Desk for the Army Camp	141
Breakage Groove in Cylinder Head Studs	141
Clamping Pieces for Gluing on a Bench Top	141
Runway Guide Tracks to Facilitate the Entering of a Garage	142
Secret Door Lock for the Executive's Private Office	142
A Butter-Chip Fork for Use in Restaurants	142
Helps for a Sane Fourth-of-July	143
Concrete Cistern Used for Water Pressure Supply	146
Solution to Make Drill Point Bite Into Tempered Steel	146
The Construction of a Sanitary Bank Barn	150
Grease-Filling Pump for the Auto Rear Axle	150
"Digging In" and Making Field Fortifications	151
How to Make an Efficient Hydrostatic Micrometer	152
Shattering a Tumbler Without Touching It	152
Telegraph Speed Practice with an Endless Ribbon	155
Save Hard Putty by Grinding and Making It Over	155
Things to Know in Using a Hone and Strop to Sharpen Tools	155
Chalk Holder for Wood Worker's Beam Compasses	157
A Light Two-Wheeled Luggage Carrier for the Camper	157
The Swinging Target Is Not Difficult to Hit	158
Emergency Repair on a Broken Oil Pipe	158
A Simple Wind-Proof Lamp Used by Lumbermen	158
Centrifugal Whirler Offers a New Water Sport	159
A Heat Test That Shows Quality of Wrought Iron	160
A Fence Stock Guard for an Automobile Road	160
A Signal Light Connection for a Telephone Receiver	160
Practical Camp Stove for the Tourist	281
Solution for Re-inking Typewriter Ribbons	281
Starting Induction Motors When Coils Fail	281
Injecting Water to Make Pumpkins Grow Fast	282
Drying Potatoes Instead of Storing Them	282
Old Buggy Wheels Used for Training Vines	282
Underslung Rack for Hauling Green Corn Fodder	283
Removing Static Charges from a Moving Belt	283
Making Transparent Varnish of White Shellac	283
Mounting Seaweeds on Cardboard for a Collection	284
Novel Door Check That Holds the Door	285
Dash Fastener for the Driving Reins	285
Pointers on the Care of Tools to Prevent Rust	285
Applying a Coat of Ivory to Make It Look Like Silver	286
Submarine Decoy Made of an Old Cedar Log	286
How to Pull Up Fence Posts by Horse Power Easily	286
A Substitute for a Paint Striping Brush	287
An Effective Ant Trap Made of Pie Tins	287
Convenient Method of Keeping Brads and Screws	287
Saving Undersize Bushings and Liners by Plating	287
Silver Plating That Will Not Scale When Burnished	288
Compressed Air Manifold for Boiler Shops	288
Simple Garbage Incinerator for Camp Use	288
Simple Designs for Sheet Metal Working	289
How to Make a Hand-Operated Crane for the Shop	293
Stanchion for Holding Hogs While Ringing	294
An Ingenious Grinding Rig for Steel Knives	295
A Coating for Drawings to Preserve the Lines	295
Photographic Plates Used for Mounting Pictures	295
Automobile Engine for Driving Machinery	295
New Type of Carpenter's Saw Horse	296
Hand-Saws for Hard and Soft Wood	296
Handpower Paddle Wheel for a Rowboat	296
Lumbering Dimensions for Figuring Quantity	298
The Barber Pole Aiming Point in Artillery Firing	299
Using Molten Lead Safely in a Damp Mold	299
Tobogganing Over Flanders Mud	300
Toy Boat with Steam Boiler and Turbine	300
Making a High-Power Microscope	301
Making a Take-Down Birdhouse for Cleaning	302
Mending a Broken Vise with a Clamp	303
Safe Case for Holding Needles Without Rust	303
Preventing Dirt Entering a Shifting Shaft Bearing	303
Tightening the Cane in the Bottom of a Chair	303
Aerial Photography with a Box Camera	304
Bicycle Pump to Clear a Drain Pipe	304
A Voltmeter for Experimental Work	305
An Old Telephone Receiver Made Into a Buzzer	307
Convenient Stand for a Heavy Potted Plant	308
A Saving of Time and Twine in Tying Bags	308
Repairing Leaks in Aluminum Ware with Rivets	308
Electrical Devices and How They Work	309
How to Make a Ventilating Potato Bin	313
How to Make a Simple Wardrobe for the Camp	313
Using an Egg Beater to Mix Dry Color in Paint	313
How to Make a Thatched Emergency Lean-to	314
Inexpensive Method of Charging Storage Batteries	317
Cleaning the Surfaces of Celluloid Articles	317
Homemade Ambulance for the Automobile	318
How to Tell if Copper Is Used in Canned Goods	318
Cleaning Dirt and Grease Marks from Tracings	318
Screening Gravel When Loading into Dump Wagons	318
New American Ball Game Using the Inflated Ball	319
Porch-Swing Support Made of Pipe and Fittings	320
Repairing a Speedometer Shaft with a Nail	320
Using One Opening in a French Window for a Ventilator	441
How to Place a Wick in a Mechanic's Torch	441
A Solution for Re-Inking Typewriter Ribbons	441
Homemade Camera to Make Pictures Without a Lens	442
Removing Photographic Film for Mounting on Watch Crystals	442
Coloring Tracings to Prevent Ink from Running	442
Spacing the Windings on High Frequency Coils	443
Raising the Fluid Level in a Gasoline Tank	443
An Easel Clamp to Hold Copy for Photographing	444
Using a Piece of Gas Pipe for a News-Stand Coin-Box	445
Cutting Sheet Iron with a Hack Saw	445
Making Useful and Ornamental Novelties Out of Gourds	446
Dry Battery Sealing Compound Used for Wax Imitations	447
Mounting Photographic Prints on Glass	448
Making a Stain to Give Wood an Ebony Hue	448
Homemade Hoist for Lifting Concrete Mixtures	448
Camper's Dutch Oven	449
Telescoping Clothesline Post for the Yard	450
Simple Designs for Sheet Metal Working	451
Simple Way of Removing Waste Gases from the Garage	454
Jack Frame for Lifting and Holding a Wagon Rack	455
Rat Trap Made of a Board Placed Over a Tub or Barrel	455
Asbestos Covering for Steam Pipes to Save Coal	455
Anchoring a Barrel on a Barrow to Prevent Its Overturning	456
Simple, Effective Way to Cut Glass Tubes and Beakers	456
Guide Blocks to Start Taps in Soft Metals	456
An Old Truck Becomes an Amusement Thriller	457
Repairing the Metal Body of a Broken Plane	458
Reflector Made of Tin to Cast Sunlight on a Window-Box	459
Cleaning the Lime from Gold Fish Globes	459
Heat-Treating Steel When Doing Experimental Work	459
Clothes Peg Cut from a Limb for the Camper	460
Coloring White Roses Blue with a Chemical Preparation	460
Making a Flying Model Airplane	461
Farm Tractor Made of a Wrecked Automobile	464
Concrete Posts for Grape Trellis or Farm Fence	465
How to Make a Flexible Try Square for Curved Work	465
Artistic Combined Sun-dial and Fountain	466
How to Make Celluloid Stick on Wood, Tin, and Leather	466
Removing Pyrogallic Stains from the Fingers	466
Electric Devices and How They Work	467
How the Airplane Carries the Aerial	470
The Automobile Opens and Closes the Gate	471
Restoring the Elasticity of a Paint-Brush	471
Steaming-Box Heated by a Shop Heating Plant	471
The Construction of a Simple Parallel Rule	472
Handy Blueprint Binder aud Filing Rack	473
Contrivance to Remove Your Tire with Ease	474
Cleaning Glass Surfaces Without Leaving a Stain	474
Effective Use of Veneer on Gift Boxes	474
Fuel Saver Attached to Automobile Engine	475
Making a Block Plane Into an Edge-Trim Plane	475
Electric Gas Lighter for the Laboratory or Factory	476
How to Protect a Soap Bubble and Keep It	476
Reliable Solution for the Electro Deposition of Aluminum	476
Making a Toy Transformer	477
How to Make a Ventilating Potato Bin	479
Making a Paste for Silvering Metal Surfaces	479
Direct-View Finder for Hand Cameras	480
Blinker Telegraph Equipment	480
